

## **iTest** **Employee Development Gold Assessment Bundle**

The Employee Development Gold assessment bundle is a collection of 100 Ready-to-Deploy iTest assessments, designed to accommodate any organization's talent management needs.

Use the Employee Development Gold Bundle to efficiently identify skill gaps and target learning across competencies that are key to your organization's success.

### 100 iTest assessments that identify core skill gaps

#### READY-TO-DEPLOY ASSESSMENTS

Our Employee Development Gold Bundle enables any organization to immediately embark on their talent management initiatives.

Our Ready-to-Deploy format easily integrates with any SCORM or AICC compliant LMS, and is designed to map to standard or organization-specific competency models and learning catalogs.

#### DEVELOPMENT AND VALIDATION

iTest assessments are developed and validated by iLearn Solutions subject matter experts through an intensive process which includes:

- Principles of applied learning
- Analysis of labor-market data
- Extensive job task analysis
- Integration of core practical job requirements

#### iTEST ORGANIZATIONAL BUNDLE

Our Employee Development Gold Bundle contains 100 iTest assessments which cover the most common skills critical to an organization's success, including:

- Professional Transferable Skills
- Sales and Customer Service Skills
- Desktop Software Skills
- Management and Leadership Skills
